

School of Physical and Mathematical Sciences

Vision

Our vision is to build a renowned school with strong faculty, innovative curricula, promising students, strong links with industry and supportive alumni.

Mission

Our mission is two-fold:

- 1. In teaching, to impart the habit and mode of thinking in science and mathematics using the most effective pedagogical methods;
- 2. In research, to contribute to the scholarship of discovery, integration, application and teaching.

I hope your undergraduate years in CBC were a well-spent and meaningful period of your life and I'm sure you will leave CBC with many fond memories of your time in the lecture halls and research laboratories.

Graduation is one of the major milestones in your life and the best is yet to be!

Please feel free to visit NTU campus anytime and see us occasionally!!

Prof Chiba Shunsuke HOD for CBC

To the graduates from MAS, it was my pleasure teaching you during your first two years at NTU and I would like to thank you for the wonderful moments and memories you have given me.

In your new journey after graduation, you may be met with opportunities and struggles. Take them in your stride and persevere with an enduring spirit, just like how you have always handled difficult math problems. At the end of the day, you can only grow stronger and better when you approach life with the right attitude.

I hope our paths will cross again someday and you will all find success in your various spheres of influence. Once again, congratulations. You have made all of us proud.

Assoc Prof Chan Song Heng HOD for MAS

Congratulations on your graduation! You have accomplished an important achievement.

I wish you a successful career ahead and hope that the learning experience that you have gained from SPMS will be helpful in your life.

Please keep in touch. You are always welcomed back.

Prof Phan Anh Tuan HOD for PAP

Thank you for being an amazing host Kumi (middle)!!! Language Immersion programme Soka University in Japan. 20 December 2016

SPMS Pageant 2014! Thank You Seniors for your love and care for the Raijin family. We always remember the desserts we share, the nonsense we did, and deep within our heart, we miss you loads, seniors!

Here's to lab mates and the camaraderie that we formed during 3 years worth of lab sessions! Definitely made the journey more tolerable!
